

Hypertension Best Practice | Session 4 Homework Questionnaire

Please answer the following questions and bring your responses to the next session. They are meant to help you explore your views of your relationships with patients. If time-constrained, please at least answer Questions 1 and 5.

1. Choosing one skill to practice, in what way were you successful? What challenges did you face?

2. What do you think an objective observer would say about how you interact with your patients?

3. What do you wish your patients would say about you?

4. What were the reasons that you chose this career?

5. Where do you currently find meaning in your work?
