About Cardi-OH

Founded in 2017, the mission of Cardi-OH is to improve cardiovascular and diabetes health outcomes and eliminate disparities in Ohio's Medicaid population.

WHO WE ARE: An initiative of health care professionals across Ohio's seven medical schools.

WHAT WE DO: Identify, produce and disseminate evidence-based cardiovascular and diabetes best practices to primary care teams.

HOW WE DO IT: Utilize monthly newsletters and an online repository of resources at Cardi-OH.org, podcasts available on Cardi-OH Radio, and the Project ECHO® virtual training model.

WEBINAR

Wednesday, May 25, 2022
12 - 1 p.m. ET

Remote Monitoring for Diabetes: Embracing Technology to Improve Patient Care

Kathleen Dungan, MD, MPH
The Ohio State University

Megan Rasch, PharmD
Five Rivers Health Centers

OBJECTIVES

- Define remote monitoring and technological options for diabetes management.
- Identify patient populations for whom remote monitoring is appropriate.
- Set up systems of care using remote monitoring for the intensification of diabetes management.

Ohio Cardiovascular and Diabetes Health Collaborative

Fall 2022 TeleECHO Clinic

September 15 to December 8, 2022

Thursdays, 8 - 9 a.m. ET

What's New in Cardiovascular Prevention? A Series of Case-Based Discussions

How It Works

- Cardi-OH ECHO utilizes Zoom to conduct virtual clinics with primary care providers in Ohio
- Includes a brief didactic session followed by an interactive discussion of de-identified case studies
- Utilizes a hub-and-spoke model to connect physicians, nurses, and other clinicians with a multidisciplinary panel of experts

Why Join?

- Professional development and continued learning
- Expanded knowledge network and collegiality with practices across the state
- Increased efficiency and joy of practice
- Improved patient retention, health outcomes, and satisfaction
